Re: Ralph A. Alvarado, M.D.

Dear [Redacted]

Inquiry/Hearing Panel B of the Kentucky Board of Medical Licensure met on October 21, 2004, and reviewed your grievance against Dr. Alvarado, alleging that he intimidated your family and treated them in a rude and unprofessional manner.

Following a review of your grievance and a written response from Dr. Alvarado, it was the decision of the Panel members that there was insufficient evidence of a violation of the Medical Practice Act to warrant disciplinary action against his medical license. However, the Panel members will direct a letter expressing their concern regarding this incident.

On behalf of the Panel members, we want to thank you for bringing this matter to our attention.

Sincerely,

Randel C. Gibson, D.O., Vice-Chairman
Board Inquiry/Hearing Panel B
