

Ralph A. Alvarado, M.D.

In this case, a grievance was filed by [REDACTED] alleging that Dr. Alvarado intimidated her family and treated them in an unprofessional manner. Members of the Panel reviewed the grievance and Dr. Alvarado's response.

Action: Dr. Gibson made a motion that there was insufficient evidence of a violation to warrant issuance of a Complaint, but a Letter of Concern should be directed to Dr. Alvarado. Seconded by Dr. Briscoe, the motion carried. Dr. Nunnelley recused himself from this case.
